

ANNA BERTI SUMAN

Annex II – INVITED TALKS, PRESENTATIONS & MEDIA PRESENCE

Invited talk: “Civic monitoring for urban resilience”, EU project ‘CitiMeasure’ final event, 16 May 2023, virtually.

Guest lecture: “Il monitoraggio civico per affermare il nostro diritto a un ambiente sano”, Green School Program, Varese province, 17 April 2023, virtually.

Invited talk: “Citizen Science and Civic Monitoring Supporting Law Enforcement: A New Frontier?”, the 2nd International Society for Digital Earth International Lectures series, with the theme of “The Digital Earth(s) of Citizens”, virtually, 9 February 2023. <http://www.digitalearth-isde.org/show-48-233-1.html/>

Invited talk: “Quali strumenti e pratiche verso una conoscenza ambientale più giusta ed efficace?” panel, the conference of the Italian Association of Applied Anthropology ‘Ripensare la sostenibilità attraverso l’antropologia applicata’, Verona (IT) and virtually, 15 December 2022. <https://xconvegnosiaa2022.it/>

Interview on public media: interview on the SensJus project and life path up to the project featuring on the Marie Skłodowska-Curie Actions page, “Bridging research and legal practice on environmental and social justice”, <https://marie-skłodowska-curie-actions.ec.europa.eu/news/bridging-research-and-legal-practice-on-environmental-and-social-justice>, December 2022.

Keynote: “Civic Monitoring. Insights from the Sensing for Justice project”, final event of the EU project TRANSFORM, Milan (IT), 2 December 2022. <https://www.transform-project.eu/final-conference-agenda/>

Invited talk: “Environmental citizen sensing: social participation, arts and technology”, webinar organized by Web2Learn in the context of the Erasmus+ project GreenVEters, 6 December 2022, virtually. <https://web2learn.eu/webinar-environmental-citizen-sensing-social-participation-arts-and-technology-on-dec-6/>

Invited talk: “Ordinary people appropriate environmental information: a need to re-think existing legal frameworks and governance models?”, Climate Panel, the Data Science Festival, 17 November 2022, virtually. <https://datasciencefestival.com/session/climate-panel/>

Media on event organized: discussions during 4th Public Participation and Deliberative Democracy Festival on <https://www.lambrolucente.eu/4-festival-della-partecipazione-pubblica-e-della-democrazia-deliberativa/> and <https://osservatorioac.org/2022/11/03/participatory-and-deliberative-democracy/>, October and November 2022.

Interview on public media: results of interview on the policy impact of odour citizen science project D-NOSES (Spain and global) published on ‘CitiMeasure’, <https://citimeasure.eu/odour-citizen-science-shaping-eu-policies-and-regulations/> and ‘CSTrack’ web pages, <https://cstrack.eu/format/interview/european-projects-and-their-impact-on-policy-an-interview-with-rosa-arias-d-noses-coordinator/>, October 2022.

Invited talk: “Citizen-public-private partnerships in environmental sensing” panel, Dutch Design Week, 28 October 2022, Eindhoven (NL) and virtually. <https://ddw.nl/>

Invited talk: “Con-testing Sensing Practices” at the annual conference of the research centre Media of Cooperation, University of Siegen, ‘Testing in the Wild: Publics, Practices, and Infrastructures’, 20 September 2022, Siegen (DE) and virtually. <https://www.mediacoop.uni-siegen.de/wp-content/uploads/testing-the-wild-2022.pdf>

Invited talk: “Citizen-collected evidence of marine debris from industry enter and win litigation: lessons from the Formosa case”, the 7th International Marine Debris Conference, 22 September 2022, virtually. <https://7imdc.org/>

Invited contribution: “Collaboratively managed data stewardship” Brain Trust, the Open Environmental Data Project, 15 September 2022, virtually. <https://www.openenvironmentaldata.org/research-series/opportunity-methods-audience>

Public talk: “(Re)Configuring More-than-human Normativities: Strategic Litigation, Collective Actions, and Sensing Technologies” event, De Ceutel, Amsterdam (NL), 20 May 2022. <https://sgel.uva.nl/content/events/2022/05/more-than-human.html?origin=cd%2FZB3yXRrSZAjP9O7CUlw>

Guest lecture: “Civic monitoring and participation rights”, course ‘Building resilient food systems’, 28 July 2022, virtually. <https://sustainocracy.blog/2022/07/16/what-can-you-expect-from-the-10-months-free-online-course-on-re-building-resilient-food-systems/>

Guest seminar: “Verso una scienza migrante sul clima”, University of Padova (IT), 27 June 2022.

Invited seminar: “Citizen-gathered data for environmental law enforcement”, for the network of European Environmental Protection Agencies, at the European Environmental Agency, Copenhagen, 29 April 2022.

Public talk: “Il monitoraggio civico e l’alternativa ecosocialista”, Ri-Make, Milan (IT), 8 April 2022.

Conference presentation: “Climate migrants and their knowledge as evidence”, International Conference on Migration, University of Sarajevo (BA) and virtually, 5 April 2022. <https://www.ibu.edu.ba/confmig>

Guest lecture: “Il paradigma del Cittadino Sentinella”, University of Padova (IT), 1 April 2022.

Invited talk: “Creating spaces for reactive Citizen Science”, StePS, University of Twente (NL) and virtually, 30 March 2022. <https://incentive-project.eu/event/creating-spaces-for-reactive-citizen-science/>

Guest lecture: “Citizen science and local ecological knowledge”, University of Iceland (IS) and virtually, 25 March 2022. <https://eu-citizen.science/blog/2022/04/20/reflections-first-ever-course-citizen-science-and-local-ecological-knowledge-university-iceland/>

Interview on public media: interview on the results of the SensJus project titled “How to win court cases by leveraging citizen science data” on ‘CitiMeasure’ (published at <https://citimeasure.eu/how-to-win-court-cases-by-leveraging-citizen-science-data/>), February 2022.

Conference presentation: presentation of a research on the use of citizen-gathered evidence in the Duke Energy coal ash series of legal cases, Symposium on ‘Crowdsourcing and the Decline of the Individual’ at the College of Law and Business, Tel Aviv (IL) and virtually, 11-13 January 2022. <https://clb.ac.il/the-17th-international-human-rights-researchers-workshop-mixed-constitutions-and-human-rights/>

Join talk with the European Citizen Science Association: ‘Recommendations on Electronic Information Tools: Using citizen science under the Aarhus context’, 7th Session of the Meeting of the Parties to the Aarhus Convention, virtually, 14 October 2021. https://unece.org/environmental-policy/events/Aarhus_Convention_MoP7

Guest lecture: “The Formosa case, Legal Strategies and Political Ecologies”. Seminário Internacional Direito, Política e Literatura ‘Fronteiras do humano, fronteiras da democracia’, virtually, 23 September 2021. <https://pragmatismos.com/evento/ii-seminario-internacional-direito-politica-e-literatura-fronteiras-do-humano-fronteiras-da-democracia/>

Guest talk: “Balancing the perils of freedom of expression and the legitimate reporting of (environmental) crises: sensing the environment against the trend of infodemics”. Panel ‘Covid-19’s disclosures of law in the Anthropocene’, Conference ‘The Transformative Effects of Covid-19 on Globalisation & Law’, virtually, 16 September 2021. <https://www.lawandglobalisation.nl/tegl-conference-2021/>

Public presentation: “Storia di una Cittadina Sentinella, il fumetto”. Milan ClimateCamp, Pre-COP 2021, Milan (IT), 3 October 2021. <https://climatejusticep.wixsite.com/climatecamp/programma>

Graphic novel launch: media on a series of events presenting the graphic novel “Story of a civic sentinel”: <http://movimentovalbasento.altervista.org/mtv-presenta-il-fumetto-di-anna-berti-suman-storia-di-una-cittadina-sentinella/>; <https://ilcaleidoscopio.net/2021/06/oggi-pomeriggio-a-pisticci-scalo-la>; <https://www.mjradioweb.it/news/item/945-presentazione-del-fumetto-storia-di-una-cittadina-sentinella-di-anna-berti-suma-presentazione-del-fumetto-storia-di-una-cittadina-sentinella/>; <https://www.basilicata24.it/2021/06/un-fumetto-sui-danni-delle-estrazioni-petrolifere-99175/>; <https://www.rainews.it/tgr/basilicata/video/2021/07/bas-ambiente-cittadini-fumetto-pisticci-34978853-db2d-4c44-ae50-f308b88bc268.html>; <https://borgofuturo.net/intessere-territori/>; <https://www.youtube.com/watch?v=zjUt2qssw1A>; <https://www.nwo.nl/en/news/environmental-data-collection-citizens-right>; <https://pummarol.com/italys-other-oil-a-comic-about-environmental-crisis-and-resistance/>; https://www.lambrolucente.eu/storia-di-una-cittadina-sentinella/?fbclid=IwAR3Ght4NQR7wZEt7Ux6rXDn1_Qq2BwAU0vWQ-GYkKytF_mR_rLL_jZFWmA

Podcast episode guest: interview on “Environmental protection and civic environmental monitoring” in an episode of ‘Diritto Al Punto’ podcast, <https://youtu.be/Pz0RIJzbSWE>, virtually, June 2021.

Guest talk: “Sensing catastrophes”, Brocher Foundation MeetUp series and TILting 2021, virtually, May 2021.

Guest talk: “What is citizen science in the end?”, Tilburg Open Science webinar series, virtually, May 2021.

Guest lecture: “How to rock your PhD”, PhD Council of Tilburg Law School, virtually, May 2021.

Guest talk: “The Formosa case on civic evidence”, the Strathclyde Centre for Environmental Law & Governance webinar series, also on <https://www.youtube.com/watch?v=frQhMgWN0OY>, virtually, May 2021.

Podcast episode guest: “How citizen scientists can use the law to make their case” in “The Science Citizens’ podcast, <https://sciencecitizens.podbean.com/>, April 2021.

Guest lecture: invited lecturer at the Winter School ‘Times and Spaces of Globalization. Knowledge, Democracy and Global Communications’, University of Padova (IT), April 2021.

Book launch: interview with Wolf Legal Publishers to launch the book “Sensing the Risk”, <https://www.youtube.com/watch?v=fTYfRzd9TCY>, virtually, March 2021.

Poster presentation and audio-story: “The ‘turn’ to sensing as a civic affirmation of a right to produce risk information”, The 10th Anniversary of the Fukushima Disaster, <https://cmer.who.edu/10-years-of-study-and-insight/virtual-poster-session/science-and-society/anna-berti-suman/>, virtually, March 2021.

LoRa Meetup talk: speech for the general public within the Dutch LoRa Meetup “Citizen Science International”, on civic monitoring in Basilicata with a focus on standards for evidence, virtually, March 2021.

Conference presentation: “Citizen Sensing as Way to Legitimize Global Environmental Regulation”, the Law School Global League Winter Academic Conference, virtually, February 2021.

Guest talk: invited speaker at the Citizen Science Association Law and Policy Working Group talk “Citizen Science in Court”, virtually, January 2021.

Book launch: moderation of public discussion with the authors of the book “Legal, social and ethical perspectives on Health & Technology” together with colleagues from the University Savoie Mont Blanc, virtually, January 2021.

Interview on public media: interview on the SensJus project on the media outlet ‘Find out Why’: (published at <https://findoutwhy.info/blog/f/the-impact-of-citizen-science-on-environmental-change>, with a supporting podcast based on the interview <https://youtu.be/xo2hT3CGD6Q>), November 2020.

Conference presentation: “Citizen sensing for complex systemic changes”, Conference Complex 2020, by the Planetary Balance Network, virtually, December 2020.

Guest talk: “Citizen sensing: the potential of collected data for litigation and mediation” at the Vereniging Voor Milieurecht webinar series, Utrecht (NL), November 2020.

Guest talk: invited speaker at the Citizen Science Association Law and Policy Working Group talk “The Aarhus Convention and Citizen Science: Ensuring the right to environmental information”, virtually, November 2020.

Workshop talk: invited speaker at the workshop “Apples and apples, oranges and pears: Studying ‘citizen science’ through a comparative lens” by University of Cambridge and the Belgian STS network, virtually, November 2020.

Webinar talk: invited speaker at the webinar series “Il monitoraggio civico: esperienze a confronto” by the Association Circola, the Osservatorio del Lambro and Milan City Council (IT), November 2020.

Webinar talk: invited speaker at the School of Talents and Wellness webinar series, “Civic sentries fighting against the coverage of thorny environmental truths: stories from Basilicata”, virtually, October 2020.

Conference presentation: “Citizen sensing as a way to claim back human agency in the context of the Anthropocene?”, Conference ‘Knowledge for Change: A decade of Citizen Science in support of the SDGs’, panel ‘Exploring human-nature-relations: Citizen Science in the Anthropocene’, Berlin (DE) and virtually, October 2020.

Conference presentation: “The law as an ally or as an enemy for citizen scientists interfacing policy-makers?”, The European Citizen Science Association Conference, panel ‘Policy perspectives on Citizen Science: moving from science to action’, Trieste (IT) and virtually, September 2020.

Interview on public media: interview on civic activism in the climate arena on ‘Le NIUS’ (published at <https://www.lenius.it/movimenti-per-il-clima/>), August 2020.

Interview on public media: interview about the two research grants obtained on Tilburg University website in the ‘Applause’ section (published at <https://www.tilburguniversity.edu/magazine/marie-curie-individual-fellowship-awarded-anna-berti-suman>), June 2020.

Interview on public media: interview for the public on the potential of the ‘informed citizen’ on NU.nl (published at <https://www.nu.nl/uit/6056084/niet-klagen-maar-bewijzen-burgerinitiatief-heeft-zin.html?fbclid=IwAR2M3ujPNJ3ZoM1uwUOrpDHoeyJaS4Gv3Zb0w-emR4sG8Z0zwT11YJ6qG90>), June 2020.

Press release on public media: press release about doctoral defense and findings from PhD research on Trouw (published at <https://www.trouw.nl/duurzaamheid-natuur/metende-burgers-houden-overheid-bij-de-groene-les~b8ea36b3/>), May 2020.

Interview on public media: interview about main findings from PhD research on Tilburg University website (published at <https://www.tilburguniversity.edu/current/press-releases/citizen-sensing-can-be-a-valuable-contribution-environmental-risk-governance>), the Nederlands Juristenblad (issue of May 8, 2020, p. 1383) and Univers Online (published at <https://universonline.nl/2020/05/07/anna-berti-suman-citizen-science-pioneer-prepares-digital-phd-defense>), May 2020.

Webinar talk: invited speaker at the webinar “Balancing Citizen Science Data Collection Needs and Privacy Protections” by the Citizen Science Association, virtually, January 2020.

Public talk: moderator of the book launch “Colonia Basilicata, a challenging inquiry into oil extraction in Basilicata and a story of civic engagement”, the JRC and Milan City Council (IT), February 2020.

Interview on public media: interview released to the magazine 'Univers' (NL) as PhD Representative on the University Council on the 'cum laude' gender gap in the assessment of doctoral dissertations (published at <https://universonline.nl/2019/12/11/done-gender-cum-laude-gap-among-phds>), December 2019.

Interview on public media: interview released to The Moscow Higher School of Economics (HSE) on her experience as Erasmus + lecturer at the Vysokovsky Graduate School of Urbanism (published at <https://www.hse.ru/en/news/research/309359601.html>), October 2019.

Public talk: "Towards a transformation of urban risk governance? The promises of Citizen Sensing", Panel Discussion 'Law, Data and the City', the Moscow Higher School of Economics (RUS), September 2019.

Interview on public media: interview released to Tilburg University (NL) on fieldwork experience in Japan with the citizens measuring post-Fukushima radiations (published at <https://www.tilburguniversity.edu/deep-inside-im-still-environmental-lawyer>), September 2019.

Guest talk: "Fieldwork experience on Citizen Science after Fukushima: inspecting influence on risk response policies", European Commission Joint Research Center, Ispra (IT), July 2019.

Guest seminar: "Citizen Sensing in post-Fukushima Japan: insights from fieldwork", Tilburg Law School, Tilburg University (NL), June 2019.

Guest talk: "Building bridges between the EU and the US on legal and policy aspects of Citizen Science", The Citizen Science Association Law and Policy Working Group, The Environmental Law Institute, Washington D.C. (US), June 2019.

Conference presentation: "Data Visualization Mobilisations" on the panel 'Key Terms for a Critical Theory of Data Visualization', the International Communication Association conference, Washington D.C. (US), May 2019.

Conference presentation: "The citizen as both prosumer of energy and its potential victim: insights from the 'AnalyzeBasilicata' case", TILTing Conference 'Regulating a world in transition', Tilburg University (NL), May 2019.

Guest talk: "Citizen Sensing from a legal standpoint", Vereniging Voor Milieurecht event 'Participatie voor en na besluitvorming', Utrecht (NL), May 2019.

Conference presentation: "Air quality Citizen Science, between representation, reference and resistance", International symposium 'Resistance is in the Air', Brussels (BE), April 2019.

Guest talk: "Challenges for Citizen Science and Open Science under the GDPR", Digital Economy Unit, Directorate B, European Commission Joint Research Center, Ispra (IT), April 2019.

Interviews on public media: interviews released to the magazine 'Univers' (NL) as PhD Representative on the University Council on PhD-Supervisor ratio (published at <https://universonline.nl/2019/02/14/minimum-voor-aantal-promovendi-stuit-op-kritiek>) and on psychological support to PhDs in Dutch universities (published at <https://universonline.nl/2019/02/18/psychologist-phds-tilburg-university-not-jumping-idea>), February 2019.

Guest talk: "Inspecting rights in action: Citizen Sensing after the Fukushima nuclear disaster" on the panel 'Environment and Sustainability'. Law Schools Global League's Winter Academic Conference 2019, University of Stockholm (SE), February 2019.

Guest talks: "Sensing the Risk" and "Citizen sensing from a legal standpoint", Digital Economy Unit, Directorate B, European Commission Joint Research Center, Ispra (IT), November 2018.

Workshop's discussion group leader: Discussion group on Methods in the Workshop 'Big Data from the South: Towards a Research Agenda', University of Amsterdam (NL), December 2018.

Workshop presentation: “Citizen’s participation for healthy cities: the ‘right to the city’ in action through citizen sensing”, Workshop ‘Sustainable, Safe and Resilient Urban Settlements: The Right to the City & Urban Inclusivity’, University of Groningen (NL), October 2018.

Guest talk: “Citizen Sensing within the dialogue between science and civil society on environmental risk governance”, Research Group ‘Rethinking Science and Public Participation’, University of Geneva (CH), September 2018.

Conference presentation: “Citizen sensing in the Transformation of Environmental Law and Governance” on the panel ‘Civil Society and Community participation’, IUCN Academy of Environmental Law Colloquium 2018, University of Strathclyde (UK), July 2018.

Conference presentation: “Multi-stakeholder cooperation for safe and healthy urban environments: the case of Citizen Sensing” on the track ‘Livable Cities’, the European Urban Research Association Conference 2018, Tilburg University (NL), June 2018.

Conference presentation: “Human Rights-based Citizen Sensing for a co-governance of the risk” on the track ‘Human Rights in the Digital Age’, the NNHRR Toogdag 2018, Tilburg (NL), June 2018.

Conference presentation: “Not just monitoring: rethinking Citizen Sensing for risk-related problem solving” on the track ‘Citizen Science from below and from above’, the 7th STS Italia Conference ‘Technoscience from Below’, University of Padova (IT), June 2018.

Workshop presentation: “Making visible politically masked risks: the haze data visualization”, Workshop ‘Data visualization in society’, INDVIL project, Metochi Campus, University of Agder (GR), June 2018.

Conference presentation: “Questioning the potential of drones’ monitoring for Indigenous communities at risk” on the panel ‘Data, Indigenous Communities and Activism’, Data Justice Conference 2018, Cardiff Data Justice Lab (UK), May 2018.

Guest talk: “Citizen Sensing for risk governance”, Hivos, The Hague (NL), May 2018.

Conference presentation: “Rethinking Citizen Science and its Role in Policy-Making”, kick-off Microcosmic intelligent City (M-i-City) Centre, JADS, ‘s-Hertogenbosch (NL), April 2018.

Guest talk: “Indigenous’ drones monitoring”, BalkonTactics, Amsterdam (NL), February 2018.

Conference presentation: “Challenging Risk Governance Patterns through Citizen Sensing: The Schiphol Airport Case”, Annual NILG PhD Roundtable Forum 2017 on ‘Technocratic Law and Governance’, VU University Amsterdam (NL), November 2017.

Conference presentation: “Connectivity for citizens’ education and awareness: the case of Citizen Science”, British and Irish Law Education and Technology Association Conference, University of Minho, Braga (PT), April 2017.

Book review: response on the book “CyberGenetics: Health genetics and new media” by Harris, Kelly and Wyatt, Amsterdam Philosophy Encounters Science & Society (NL), May 2017.

Conference presentation: “Democratic governance of public health challenges via data sharing: an opportunity for the citizens?”, TILTING Conference ‘Regulating a connected world’, Tilburg University (NL), May 2017.

Workshop presentation: “Enabling accountability for haze risk in the Digital Society”, Lorentz Center Workshop ‘Multilateral Governance of Technological Risks’, Leiden (NL), May 2017.

Conference presentation, “The potential of data science for connecting the urban and the rural contexts”, The Rural Summit 2017, Brainport, Eindhoven (NL), March 2017.

Guest seminar: “ChevronTexaco Case: an Amazon Chernobyl”, Tilburg University (NL), November 2016.
